

MISSION STATEMENT

In order to support the parents in our community we have developed a preschool program that benefits all children spiritually, morally, physically, emotionally and academically. It is our goal to provide valuable instruction in a safe and nurturing Christian environment of acceptance and encouragement, allowing each child to reach their full potential.

“Train up a child in the way he should go, and when he is old he will not depart from it.”

Proverbs 22:6

Curriculum & Instruction

Our curriculum is developed through observation and evaluations of each child. Concepts and skills of literacy, math, science, and social skills are introduced at the age appropriate developmental stage. Concrete hands on activities and experiences are planned according to a calendar of themes and units which are relevant to the children.

Our weekly chapel time with the children covers a Bible lesson through stories, song, and prayer.

Music and Movement classes are once a week. Children will explore music through creative play, instruments and singing.

Special events and visitors are scheduled throughout the year to correspond to our unit of study.
